## Statutory act of grace payments

Treasury circular [TC22-01 Statutory Act of Grace Payments](#) requires us to maintain an internal register of all statutory act of grace payments made using the PSC's funds.

Statutory act of grace payments may be made under s. 5.7 of the [Government Sector Finance Act 2018](#) by the Minister, or Minister's delegate, if satisfied that there are special circumstances which warrant making a payment.

'Special circumstances' include where a person, or persons, has suffered financial or other detriment because of:

- the workings of government
- significant natural, health, or other disasters requiring an emergency government response.

The above list is not exhaustive.

We are required by the Treasury circular to publish our internal statutory act of grace payments register annually.
