Supporting staff with disability

Resources to help managers create inclusive workplaces and support career development of staff with disability.

As a manager, you have a vital role to play in the inclusion of people with disability in the workplace.

Below are resources to help you manage staff with disability and create an inclusive workplace where everyone can be safe and accepted.

Disability inclusion manager toolkit

This toolkit helps you understand your role as a manager in contributing to inclusive workplaces where team members are enabled and supported at work.
