# NSW Public Service talent pools

Offering sector recruiters a faster way to access high-calibre talent

The Public Service Talent Pools offer recruiters from across the sector a quick and easy way to fill roles, by providing access to talent who have gone through a rigorous comparative assessment process and are ready to be hired.

The candidates in our talent pools have a range of capabilities, skills and experience that make them suitable for various roles at that grade level within NSW Government. There are candidates in our talent pools from locations across NSW.

The candidates in our talent pools have already been assessed. Once you've selected your preferred candidate and completed your agency's reference and pre-employment checks, you can progress with hiring from the pool with no further assessments required.

Recruitment for talent pools will be advertised on I work for NSW. If you're a candidate, you can find out more about the process and when we're recruiting on the [I work for NSW website](#).

## Available pools

### Grade 5/6 talent pool

Information about the candidates in this talent pool, how they were assessed and how to select candidates.

## Access the NSW Public Service talent pools

To request access to the talent pool and browse the candidates, email our support team and include your name, NSW Government agency and email address.
